

WHY SUPPORT THE BIA FOUNDATION?

1 Scholarships

Since the beginning of BIA Foundation's scholarship program in 1999, we've supported **408** students working towards degrees related to the construction industry, totaling **\$451,000**. In 2025, 7 high school students and 12 post-secondary students were awarded a total of **\$17,000** in scholarships.

2 Herdina Construction Trades Camp

Students between the ages of 15-20 get hands-on experience through a community service construction project plus classroom instruction in a variety of specialty occupations within the construction industry.

Students work side-by-side with contractors and industry professionals to learn about occupations, tools, safety requirements and skills required for a rewarding career in the construction trades.

Interested in supporting the camp?
Contact Krista Mund at (701) 232-5846 or krista@buildrrv.org.

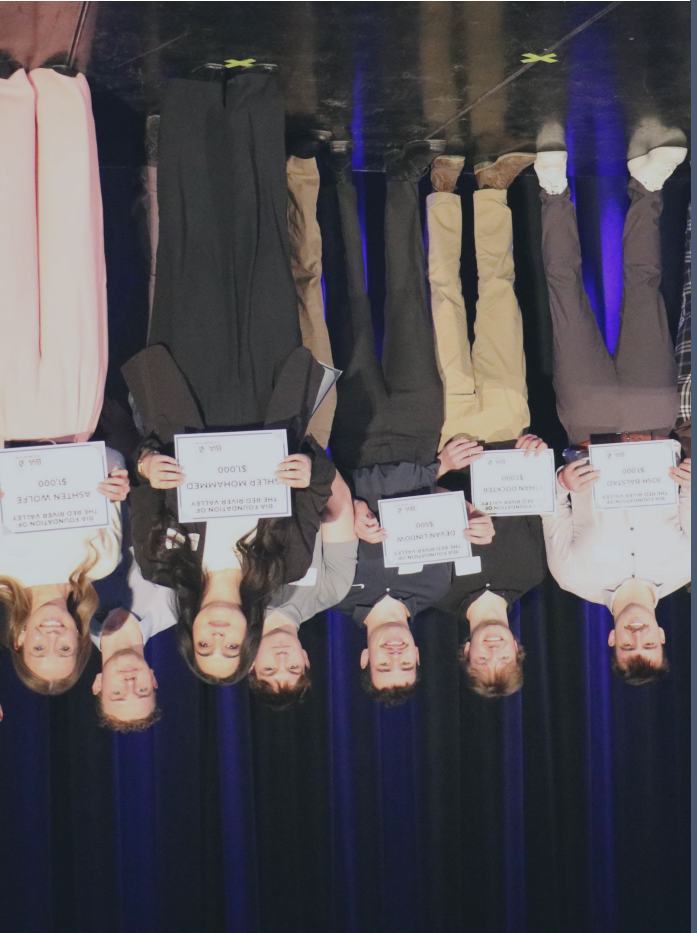

3 Career Exploration

- BIA Foundation is a major sponsor and supporter of the Health, Tech & Trades Career Expo. Our exhibit allows students to use a variety of construction tools and see the benefits of careers in construction. The Foundation is a strong partner with area high schools, post-secondary student chapters and construction management societies, and career academies.

FUN FACTS

- Herdina camp graduates receive college credit.
- Outstanding volunteers have the opportunity to win BIA member-nominated awards.
- The Building Industry Association of the RV's Professional Women in Building Council offers a section of scholarships for female students pursuing a career in the building trades.

**We're not just contractors.
We're changing lives.**

Your support of the BIA Foundation of the RRV impacts our community through building projects, empowering students and shaping the future workforce.
