

Building the Future

Building Futures, Strengthening Communities

Thank you for considering a gift to the BIA Foundation of the Red River Valley.

Your support strengthens workforce development, scholarships, and community-based building initiatives across our region. The partnership levels are available for both company and individual donors.

With your partnership, we can continue our mission of:

Connecting students, educators, industry professionals and community leaders through impactful workforce development and community-building initiatives. Your support helps expand access to hands-on career exploration opportunities, strengthen relationships between education and industry, and expand lasting investments in programs that inspire and prepare the next generation of skilled trade professionals throughout the Red River Valley.

Together with the Building Industry Association of the RRV, we're impacting our community through building projects, empowering students and shaping the future workforce.

Signature Opportunities

Community Impact Fund

The Community Impact Fund provides support for community-based building initiatives that create meaningful, lasting impact throughout the Red River Valley. The BIA Foundation has supported organizations and causes such as housing and shelter initiatives, neighborhood revitalization, disaster relief, youth and family services and community improvement projects.

Trades For Grades Scholarship Fund

The Trades for Grades scholarship fund supports students pursuing trades-related education and careers, helping remove financial barriers while building a stronger workforce for the future.

High School

Each year, scholarships are available to high school students planning to attend Minnesota State Community & Technical College or North Dakota State College of Science. An outstanding applicant may also receive the John Gunkelman Scholarship, typically awarded to a student who demonstrates a strong commitment to community service and education.

Post-Secondary

Scholarships are available in the fall to students currently pursuing a trades-related degree at Minnesota State Community & Technical College, Minnesota State Moorhead, North Dakota State College of Science, and North Dakota State University.

Herdina Camp

A scholarship is awarded to an outstanding participant of the Herdina Construction Trades Camp, recognizing a student who demonstrates dedication, enthusiasm and a strong interest in pursuing a career in the building trades.

Professional Women in Building (PWB) Council

PWB awards scholarships in its name during the high school and post-secondary scholarship cycles, further expanding opportunities for female students pursuing careers in the building industry.

BIA Alumni Club Scholarship Fund

Beginning in 2027, a scholarship will be awarded to a high school student based upon a to-be-determined criteria set by the BIA Alumni Club.

Alumnus may be past or current leadership of the BIA, BIA Foundation or Building Industry Health Plan.

HERDINA CONSTRUCTION TRADES CAMP

The Herdina Construction Trades Camp is the only camp in the Fargo-Moorhead area that provides hands-on opportunities for students ages 15-20 to learn about a career in the building industry. Each June this two-week camp opens the door to a possibility of a future in the construction trades and works to increase the future workforce.
